FIFTY-SEVENTH YEAR

SEEDS OF WORLD REVOLT SEEN IN RAILWAY STRIKE BY U. S.

Carranza Moves To Quell Rebellion Of Sonora State Government

DIEGUEZ TO
MOVE UNLESS
DE LA HUERTA
STOPS REVOLT

(By Associated Press)
NOGALES, Sonora, April 13.—General Manuel M. Dieguez today wired Governor de la Huerta and General Plutarco Elias Calles at Hermosillo notifying them that unless they receded from their rebellious stand, in connection with the recent secession of Sonora from the central Mexican government he would at once invade Sonora with sufficient force to put down the rebellion.

Rush Cattle to Safety
DOUGLAS, April 13.—Hundreds of head of cattle have been rushed to the border by both American and Mexican owners of ranches in northern Sonora and many of them already have been crossed into the United States at this place.

Efforts will be made to place the livestock on grazing ground on this side of the line until the situation in Sonora is stabilized.

Sonora customs men are turning back at the international boundary all Mexicans without passports and a careful watch is kept along the border to prevent unfriendly persons entering the state.

Probe Postal Conditions
M. C. Hankins, postmaster at Douglas, today took up with the Agua Prieta postmaster the matter of interchange of mails. The Sonora official said his office still was operating with the Mexican government, but in as much as his state was in rebellion he expected at any time to be informed that his office could no longer enjoy the privileges which would enable it to transact business with the United States and the rest of the world.

Mexican stamps still are in use. It is understood Postmaster Hankins' investigation was ordered by the postmaster general and that if the Carranza government disavows the Sonora postoffice, the United States postal department no longer will permit mail to go into that state or accept any sent from there.

Douglas Asks Troops
Be Sent to Protect

(By Associated Press)
DOUGLAS, April 13.—Tonight at a special meeting directors of the Chamber of Commerce sent messages to the Arizona delegation in congress requesting sufficient troops be placed here to protect the border in the event of fighting between adherents of Carranza and Sonora state troops.

It was pointed out that the two regiments at this place were so depleted they would be inadequate to make life and property secure in Douglas should there be a clash across the line.

Federals Leave Juarez
To Recover Agua Prieta

(By Associated Press)
EL PASO, April 13.—Eight hundred federal troops arrived at Juarez, opposite here, tonight on their way to Sonora, where an independent republic has been set up by Governor de la Huerta and state officials.

The troops, all infantry, under command of Colonel Fox, it was an-

Gonzales Plans
To Withdraw If
Bonillas And
Obregon Accede

(By Associated Press)
EL PASO, April 13.—In a signed statement appearing in "El Universal" at Mexico City, General Pablo Gonzales offers to withdraw his candidacy for the presidency of Mexico providing Alvaro Obregon and Ignacio Bonillas do the same.

In his statement, General Gonzales declares the situation of Mexico at the present time is extremely grave and expresses a willingness to forego his personal ambition in order to avert internal strife, but insists that the other candidates do likewise. So far as can be learned, neither Obregon nor Bonillas has replied to the suggestion that they withdraw.

TELEPHONE AID
DELEGATES AT
G. O. P. MEET

(By Associated Press)
CHICAGO, April 13.—Delegates at the republican national convention opening here June 8, will be able to confer with representatives of other states without leaving their seats.

To eliminate a large part of the confusion incident to conferences between delegates on the floor, C. R. Hall, superintendent of the Coliseum, has arranged for the installation of telephones connecting all state, district and territorial delegations.

It is said that this will be the first time that such a system has been installed at any national convention. There will be 53 telephones in service, reaching the 48 state groups and the representatives of the District of Columbia, Alaska, Hawaii, the Philippines and Porto Rico.

The convention architects have completed plans for the Coliseum, including an extra balcony that adds approximately 1100 to the seating capacity. Work on the balcony and the convention offices, in the Coliseum annex, will start May 3. The Chicago convention committee is spending \$47,000 on charges to the building to accommodate the delegates and more than 10,000 spectators.

SALMON OUTLOOK

VANCOUVER, B. C., April 13.—British Columbia's salmon outlook for 1920 is not promising, according to packers here, because the year is an off one for the sockeye run, and because of the difficulty of marketing the cheaper grade, such as chums and pinks. Approximately 20,000 cases of last year's run of chums are still unsold, according to packers.

CHINESE SUFFRAGETTES

CANTON, China, April 13.—Demand by Chinese women for representation in parliament is the latest development in the Chinese political situation. Three groups of women are agitating for the right to be elected members of parliament, and demanding that the new constitution being drafted here provides the right of woman suffrage.

Announced tonight, will leave tomorrow morning at 8 o'clock over the Mexico Northwestern railroad for Casas Grandes, 144 miles southwest of here. From Casas Grandes they will march overland to Sonora, their objective being Agua Prieta. The distance between Casas Grandes and Agua Prieta is approximately 200 miles, much of it over difficult mountain trails and waterless deserts.

SAGE FOUND GUILTY
OF SCHENDEL CHARGE

**Jury is Out But
Half Hour; Case
Ends on Eighth
Day of its Trial**

Clarence Sage was found guilty on completion of the eighth day of his trial on a charge of having mistreated Alorda Florence Schendel.

Less than half an hour after Superior Judge A. C. Lockwood sent the jury to its room to deliberate on the case yesterday afternoon, the 12 men returned to the courtroom and pronounced their verdict.

The finding of the jury was a shock and surprise to the defendant, apparently, for his face expressed a flash of emotion. Some thought from the speed with which the decision was reached that the verdict would be for acquittal.

For the first time in the case, except possibly during the cross-examination of Deputy Sheriff Fred Hawkins by the defense, the name of copper was mentioned during the argument of Judge P. A. McCarran, the Nevada jurist who acted as chief of counsel for the defense. McCarran virtually charged that back of the entire prosecution there was a copper taint. He inferred that if the motives of the prosecution were placed in a place of great heat, traces of metal would be found.

The judge was possibly excited to this denunciation by the reference of the county attorney in the opening statement to the laxity of the laws surrounding the marriage relation in the defense counsel's home state. The recent and somewhat widely advertised divorce of Mary Pickford in which Mr. McCarran figured, was hinted at in the argument.

There was a large crowd in the auditorium and in the hallway, to listen to the attorneys pick flaws in each other's cases and make sarcastic comments on witnesses, testimony and what-not. The defense ridiculed the idea that Mrs. Schendel needed to be overpowered either by force of circumstances or of bootleg whiskey. The speaker reminded the jury that in her testimony the witness had said she had been so stupefied by the glass of liquor forced on her by Fred Woods that "I could hardly unlace my shoes."

Discrepancies between the testimony of Mrs. Schendel and other witnesses were pointed out, and the defense claimed that the admission of Harrington that he saw Sage traversing the open space in front of the Miller store about the time Mrs. Schendel said she was in the apartment with Sage, constituted an alibi right out of the month of the state's witness.

The alleged vigor with which Mrs. Schendel testified she had been used was raised by the defense as an absurdity.

In closing, Assistant County Attorney E. S. Clark declared that the defense testimony carried the Schendel story in most of its details right up to the time she declared the officers left her in the hands of Sage and Woods, and there stopped. No attempt had been made, he said, to contradict the story beyond the point where she had said Giles and Floyd delivered her to Woods and Sage.

Sentence Pretty Soon
Pronouncement of sentence, Judge Lockwood indicated, would be made within a short time, possibly Friday. The exact time was the subject of a conference in chambers immediately following the verdict.

Judge McCarran concluded his re-

Hungry Irish
Are Problem To
British House

(By Associated Press)
LONDON, April 13.—Indications that the government will firmly resist yielding on the question of liberating the Irish hunger strikers was the outcome of a debate started in the house of commons today by T. P. O'Connor, nationalist, supported by other labor members.

Earlier in the session, Andrew Bonar Law, government leader, admitted that many of the Irish prisoners are being detained without charges having been preferred against them and with no plan to bring them to trial going forward.

He was replying to questions and added that under existing conditions in Ireland, where murder was so rife, it was necessary for the protection of lives that persons be arrested on suspicion.

YANKEE AERIAL
SERVICE FOR
FAR EAST

(By Associated Press)
HONG KONG, April 13.—Sixteen aviators and mechanics, mostly Americans, have arrived here and 11 American airplanes are on their way from New York to the Orient to establish the first commercial aviation enterprise in China. It is announced that this aerial service will connect Hong Kong, Canton and the Portuguese colony of Macao. Later, it is stated, the company plans to extend its activities to Manila and Tokio, touching at centers on the Chinese coast.

The airplanes to be used in this service are understood to have been built originally for the United States navy and equipped with Liberty motors, but have been remodeled and are said here to be capable of making continuous flights of 650 miles carrying 14 passengers. Walter Bonner, a veteran of the United States naval flying corps, is to be general superintendent of the new company which has been financed through the efforts of C. E. W. Rican, a Macao capitalist.

The planes in mid-afternoon and left the court. A short time later he reappeared with another suit of clothes on, and was said to have taken the afternoon train for the south en route home.

The Next Cases

The county attorney's office indicated at the close of the Sage trial yesterday that it would probably go to bat with the Fred Woods case this morning. Woods and Sage, principals in the case, and Giles and Floyd were all named together in the original information. A severance was secured and the state elected to try Sage first.

There is a crowded condition of the criminal docket as a result of the delays in this case and the length of the Martin trial just preceding.

RADICALS' FINE TOUCH KEPT
MEN OUT; FEDERATION HOLDS
WALKOUT IS ILLEGAL EFFORT

(By Associated Press)
WASHINGTON, April 13.—Evidence of the activities of I. W. W. toward inciting and maintaining the railway strike continued to accumulate and the department of justice and officials admitted tonight that they saw signs of an attempt to expand the railroad strike into "one phase of a world revolution."

President Wilson today sent to the senate the nomination of the nine men representing employers, employees and the public whom he has selected to compose the labor board, provided under the transportation act to deal with railroad labor disputes. The men selected were:

Representing the public—George W. Hangar, Washington, D. C.; Henry Hunt, Cincinnati; R. M. Barton, Tennessee.
Representing the railroad corporations—Forest Baker, J. H. Elliott, William L. Park.
Representing the employees—Albert Phillips, A. O. Wharton, J. J. Forrester.

Raid Yardmen's Meeting

NEW ORLEANS, April 13.—Forest C. Pendleton, department of justice agent here at the head of a squad of department operatives, raided a hall in which a meeting of 200 members of the local yardmen's association was being held tonight and arrested six of the leaders on federal warrants charging them with interfering with the United States mails.

500 Stranded at Winslow

LOS ANGELES, April 13.—Desertions by the crews of three overland trains, leaving perhaps 500 passengers stranded at Winslow, Ariz., were reported to Santa Fe officials here today as another development in the strike of switchmen.

Line Cut at Seligman

SAN FRANCISCO, April 13.—With its division point at Winslow and Williams, Ariz., virtually paralyzed, so far as freight traffic is concerned, the Santa Fe lines were given another handicap in a strike at Seligman. Officials lacked definite information as to its extent tonight.

Declare Strike Dying

CHICAGO, April 13.—Although leaders of the insurgent switchmen and yardmen today strenuously denied that serious defections had occurred in their ranks, railroad heads and officers of the brotherhoods who are fighting the unauthorized walkout declared that the strike in western territory gradually was dying out.

Strikers in half a dozen cities and towns returned to work today, railroad men at other points voted not to join the strike and embargoes were lifted by several roads.

Several railroads in the Chicago terminal district reported operations were virtually normal.

Tucson Division Crippled

EL PASO, April 13.—Seventy-five freight conductors and brakemen employed by the Southern Pacific walkout here at 7 o'clock tonight following a meeting, at which resolutions requesting wage increases were adopted.

These men have runs on the line west of El Paso, known as the Tucson division.

It was announced by the trainmen following the meeting that the walk-

A. F. L. Railway Department
Passes A Strong Resolution
Condemning Strike on RoadsFather Novatus
Closes Church To
Decollete Women

(By Associated Press)
PHOENIX, April 13.—On the doors at all entrances to St. Mary's Catholic church notices appeared today, saying that "entrance into this church is forbidden to women wearing low neck dresses."

The name of Rev. Father P. Novatus is subscribed. Members of the congregation said Rev. Novatus frequently had protested in public utterances against present-day tendencies in women's clothes.

SEEK TO SAVE TORRES

PHOENIX, April 13.—An application was filed in the Supreme court today for a writ of habeas corpus for the removal of Simplicio Torres from the state prison to Phoenix. Torres is to hang on April 16 for the murder of Chris Melick, town constable at Williams, last year. At the same time, an application was made for a mandamus to oblige the warden to submit Torres to an examination by alienists. Arguments on the applications will be heard in the morning.

FIREFMEN DON KHAKI

SPOKANE, Wash., April 13.—Eight city firemen at the central station reported for duty in khaki uniforms today and the chief announced he would do likewise tomorrow. Hereafter blue will be required only on formal occasions. The regulation uniforms cost \$72 and the khaki ones \$8.

AX HITS FORT BILL

WASHINGTON, April 13.—The annual fortification bill carrying \$18,853,442, a cut of approximately \$100,000,000 from estimates submitted, was passed today by the house and sent to the senate.

PRINCE AT HONOLULU

HONOLULU, April 13.—Edward, prince of Wales, was greeted here today. The British battle cruiser "Revenge" arrived after an uneventful voyage from San Diego. Two days of festivities are planned.

BASEBALL

COAST LEAGUE
Los Angeles, 6; Vernon, 5.
Salt Lake, 6; Seattle, 4.
Sacramento, 2; Portland, 4.
San Francisco, 9; Oakland, 7.

METAL MARKET

Bar silver—\$1.19.
Copper—Quiet.
Electrolytic—Spot, 19 & 19 1/2c.

ARIZONA WEATHER

Wednesday and Thursday—Unsettled; possibly local showers Wednesday night or Thursday; cooler Thursday.

It would not affect passenger service until they considered it "necessary to discontinue such service."

(By Associated Press)
KANSAS CITY, April 13.—By resolution adopted late tonight, the Biennial convention of the American Federation of Labor condemned the "insurgent" switchmen's strike and urged all members of its affiliated organizations to refuse in any way to support the walkout.

Endorse Labor Board

The convention, which represents 700,000 members in eight railroad crafts, also endorsed President Wilson's appointment to the labor board on behalf of labor and declared their belief that labor could confidently expect justice through the law creating the board and safely leave their grievances to the board.

DEMOCRATS WILL
MANAGE TOURS
OF DELEGATES

(By Associated Press)
CHICAGO, April 13.—A new departure in political convention management has been launched by the democratic national committee, which has opened a transportation bureau here to care for the delegates, alternates and spectators who will go to San Francisco to attend the convention June 28.

The shortage of railroad equipment and the flood of traffic on all roads is responsible for the innovation.

"See America First" tours to points of interest in the west, including Yellowstone park, the Grand Canyon, Los Angeles and other, are being planned by the democrats as a lure to attract at least a part of the travelers westward two or three weeks before the convention, thereby spreading the burden on the railroads over a longer period.

For the return trip from San Francisco a system has been worked out whereby the visitors can buy east-bound tickets within thirty-six hours after the convention opens, the tickets to call for return passage eight hours after the convention closes. The biggest problem in convention transportation has always been the return trip, as the day and hour for the close is always uncertain.

E. K. Bixby, a transportation official of the Pennsylvania railroad system, has been loaned to the democratic committee to take charge of the transportation bureau. He has obtained the co-operation of the association of western passenger agents and the Pullman company has promised him first call for its parlor car equipment.

The transportation committee of the national democratic committee, which is directing the work, includes Charles Boeschenstein, Illinois, chairman; Isidore B. Dockweiler, California; W. W. Marsh, Iowa; Fred B. Lynch, Minnesota; and Patrick H. Quinn, Rhode Island.
